

Calin Valcea

Materials Manager &
Materials Council Leader
Kimball Solutions Timisoara

▶ Started at Kimball Solutions in 2015

- Calin resides in Timisoara, Romania. Travelling and music are Calin's favorite pastimes. He enjoys travelling and having new experiences, but spending time with family & friends is what he enjoys the most.
- Calin Chose Kimball Solutions because his previous 20+ years of experience in the EMS and supply chain area prepared him for this role. He was especially interested in being associated with a greenfield / start-up challenge, as it was very attractive for his professional growth and it came with the dynamics and challenges he missed while working in Banking for 5 years prior.
- The thing that Calin thinks makes Kimball Solutions workforce so unique is the reputation that "we are well known for a enjoyable work environment, having both focus for our people & customers, as well as developing strong and reliable relationships with our suppliers."
