

# **Gustavo Rodolfo Villarreal Ballesteros**

SEF Coordinator  
Kimball Electronics Mexico

▣ Started at Kimball Electronics in 2017

- Gustavo lives in Reynosa, Tamaulipas, Mexico, where he enjoys spending his free time reading and writing.
- Gustavo finds the most fulfillment in working directly with people to raise safety awareness and conduct risk assessments, which aligns with his passion for creating a secure and supportive work environment. Among his proudest professional achievements is helping the team reach a full year without accidents, a milestone that underscores his dedication and collaborative spirit.
- Gustavo chose Kimball Electronics for its stability, strong principles, and the quality of its people. Over his eight years with the company, he's built lasting memories, including the proud moment when his team won the SEF award in FY24. Gustavo deeply values the teamwork at Kimball, describing it as a family where everyone contributes to shared goals. He believes the company's culture is unique because it gives equal importance to people, safety, the environment, and business success. Every day, Gustavo feels a strong sense of belonging with his team, and that connection continues to inspire his work and commitment to Kimball Electronics.
