

Creating Quality for Life

# Austin Williams

Resident Engineer  
KESS

▣ Started at Kimball Electronics in 2020

- Austin resides in Fort Wayne, Indiana where he enjoys spending quality time with his son Abel and working on obtaining his private pilot license.
- Austin says he came to work for Kimball Electronics because he wanted real-world experience while being close to home.
- His favorite memory while working for Kimball Electronics was when he had his first birthday with the company. He explained they sent him two \$2 bills in the mail and was speechless, expressing he had never worked for a company that was so thoughtful.
