

Jennifer Lucas

Materials Specialist
KE Indianapolis

▣ Started at Kimball Electronics in 2013

- Jennifer is from Lake Santee, located in Greensburg Indiana. She fills her free time spending time with her family and grandkids, boating on the lake or enjoying the peacefulness of the outdoors while sitting on the patio.
- Some of Jennifer's favorite memories with the Kimball Electronics include packing meals to be sent to food banks for the Million Meals Movement and participating in the build for Habitat for Humanity. Her favorite office tradition is attending holiday parties with her coworkers.
- Jennifer chose to work at Kimball Electronics after receiving recommendation from a family member that also works for the company. During her time as Materials Specialist, she has enjoyed the family-like culture that is unique to Kimball Electronics.
