MORE ABOUT TRAN TRUNG

Thanh Tran resides in Mie Prefecture, Japan where he enjoys spending his free time jogging, cooking, and learning Japanese. He explained that he came to work for GES because he wanted to challenge himself to a new working environment while working with many people around the world to improve his English skills.

Thanh Tran enjoys his work because he can operate and repair machines that are producing high-tech products. He appreciates that the company's leadership listens to employees opinions and adjusts accordingly in response.
