▶ Started at Kimball Electronics in 2022

- Thichada lives in Bangsean, Chonburi. In her free time Thichada enjoys spending time with family, reading books to explore new worldview, and also goes "coffee hopping" at local cafés.
- Kimball Electronics became Thichada's Employer of Choice after seeing the happiness in a friend's eyes while talking about her work environment at Kimball Electronics. She stated, "I do believe Kimball allows me to leverage all of my skills and to become the better version of myself in every minute I am working here".
- During her time with the company, she has enjoyed coordinating with cross-functional teams. This has allowed her to learn new professional and life perspectives, become more mature, and strengthen friendships in the workplace. Her favorite memory with the company is when she was an MC of Don Charron's retirement party. She said that while listening to speeches at the ceremony, she could see the sense of belonging that Kimball Electronics creates to make their employees feel empowered and valued.
