ENGINEER, KIMBALL
ELECTRONICS
THAILAND

STARTED AT KIMBALL
ELECTRONICS IN 2011

MORE ABOUT KANYARAT

Kanyarat resides in Chonburi, Thailand where she spends her free time participating in outdoor activities such as running, cycling, yoga, and paddle boarding.

Kimball Electronics is her employer of choice because she believes relationships at all levels feel meaningful and respectful which can be hard to find at large companies. Kanyarat explained it was difficult for her to choose a favorite memory with the company, as she has nothing but good memories during her time with the company.
