## **MORE ABOUT SYLWIA**

Sylwia resides in the village of Główna near Pobiedziska, Poland. She enjoys spending her free time traveling with friends - especially to Croatia, reading books and working with children as a volunteer.

Sylwia explained that Kimball Electronics ensures her a possibility to develop her professional skills as her daily work is full of challenges. What is important for her is that people are friendly and proceed in a professional way explaining that she has learned a lot from them. The values seen in the company leadership that have contributed to her success include appreciation of the work and efforts of all employees and investing in employee development.
